Update

Dear Resident,

October 2022

Llwyn Eirin-new homes on land adjacent to Tan Y Sgubor, Denbigh-autumn update

It's been over a year since we started building 22 new council homes for social rent on the land adjacent to Tan Y Sgubor, Denbigh. Our principal contractor, Brenig Construction, is making progress onsite so we wanted to share what we have been up to, and what is planned for the next few months.

Over the last few months:

- We have entered the final stages of works which are on site now.
- We have started to decorate inside the homes, and put in the final fixtures.
- The scaffolding has started to come down around some of the properties.
- Work has started on the drives, paths and patios.

Works planned over the next few months:

Over the next few months, you can expect to see:

- Traffic lights at the site entrance from the beginning of October, for approximately 3 weeks.
- We are installing the main drain in the road and laying kerbs to the site entrance. We would like to apologise for any disruption this might cause.

We are hoping to complete the project by the end of January, with the anticipation that new tenants will move in March 2023.
